- Install, construct or alter a waste treatment device or human waste storage facility or a drain connected to any such device or facility (e)

If you want to alter, install or build a sewage management facility that will be on the land for more than 12 months, please attach the following information to your application:

- a plan (to scale) that shows the location of:
 - the facility you will alter, install or construct
 - any areas of land on which sewage will be applied, eg as fertiliser
 - any buildings or facilities already on the land that are within 100 metres of the proposed facility or the area on which sewage will be applied
 - any environmentally sensitive areas of land that are within 100 metres of the proposed facility or the areas on which sewage will be applied
 - any related drains or pipes

- the full details of the facility

Type of disposal

- Trench
- Burial
- Surface
- Septic Closet
- Transpiration Area
- Irrigation – Sub-surface
- Septic Tank

Type of System

- Tank Capacity – Septic _____ Holding _____
- Composting Toilet
 - Aerated Water Treatment System
 - Other

- details of the areas of land which sewage will be applied and an assessment of the site having regard to these details
 - topography/slope _____
 - climate/temperature _____
 - vegetation cover _____

- details of soil types/composition

- heavy black
- sandy
- shale
- red clay
- basalt
- other
- sandy loam
- granite

- details of water supply, hydro-geology
 - town
 - bore
 - river/creek
 - tank
 - depth _____
 - depth of water table _____
 - dam
 - water height _____
- a statement of:
 - the number of people who live or may live at the premises _____
 - any other factors that are relevant to how much waste the facility can manage
 - waste connected to the system:
 - toilet only
 - multiple wastes
- details of:
 - how the facility needs to be operated and maintained
 - how you propose to operate, maintain and service the facility
 - the action you will take if the facility breaks down or is interfered with drains or pipes
- Operate a system of sewerage management (within the meaning of section 68A) (f)
